

WALDO

a REAL CLOWN with a REAL MESSAGE

THE CLOWN: Waldo the Clown is the direct result of one youth minister's search for an effective & exciting way to communicate the Word of God to others. Since 1982, Steve Walden, as Waldo the Clown, has been presenting programs to churches & organizations throughout the entire U.S., sharing the love of God & the Bible with people of all ages. In addition to his work with churches, Waldo works on a regular basis with schools, camps, libraries, festivals, conventions, day-care centers, birthday parties & businesses. He was even named by Child magazine as one of the best performers in the U.S. (June 1995 "Best of Everything for Kids" issue). Your people, both young & old, will have a great time learning with Waldo the Clown.

THE MESSAGE: The most important part of any Waldo the Clown program is the message. This means that everything that you see & hear during a performance is being used to reinforce the theme of the program. Waldo has many programs from which to choose, all well-structured & high-content, allowing him to bring the program & the message best suited to your situation. Each program is then brought to life in front of your group through the use of carefully chosen visuals & illustrations. Your people will remember the message long after the show is over, because they will be seeing it as well as hearing it.

THE SHOW: A Waldo the Clown show is filled with action, color, excitement, teaching, audience participation, & fun. You will witness incredible demonstrations of juggling, balloon sculpturing, illusions, & amazing feats of clowning skill. These are not "kid shows", but rather shows that both kids & adults will enjoy equally. Regardless of your situation, you will receive a quality show geared for your specific group size, age-range, background, & needs. Waldo the Clown will entertain you, mystify you, & make you laugh. He will also effectively present the Word of God to you & your people like you have never seen it done before.

Steve Walden is also available to lead your youth workers & your youth in a number of workshops. Each workshop is designed to teach specific skills, present ideas that can be used immediately, & equip your people so they can come up with their own applications. Workshops are a great way of motivating & strengthening your adult leaders, & a great way of building self-esteem & interaction among your youth.

Workshops include the following topics:

- Creative Ways of Sharing Your Faith
- Creative Bible Teaching Methods
- Using Object Lessons to Teach the Word
- Using Science in the Classroom
- Advanced Clown Ministry
- Starting a Clown Ministry Group
- You Can Juggle!
- Balloon Sculpturing
- Drama & Writing Your Own Skits
- Writing Your Own Skits

PROFESSOR STEVE

making SCIENCE both FUN & EXCITING

Take away Waldo's makeup & big shoes, keep the sense of humor & love for God's Word, add a lab coat & a cool science tee-shirt, & you have Professor Steve. Professor Steve has the ability to teach scientific principles in a fun & exciting way, & at the same time show how God is in the center of it all. Lots of interaction, comedy & some really great demonstrations ensure that your group will have a wonderful time learning about science from a Christian perspective. You will never hear anyone say science is boring once they have spent time with the Professor.

"Wow! I just had both Waldo & Professor Steve programs at Mahoning Valley Christian Service Camp & they (he) was fantastic! The kids loved all the cool stuff you see in a Waldo program, plus all the great science stuff you see from Professor Steve. Five stars!"
Plum Creek Christian Church . . . Rushville, IN

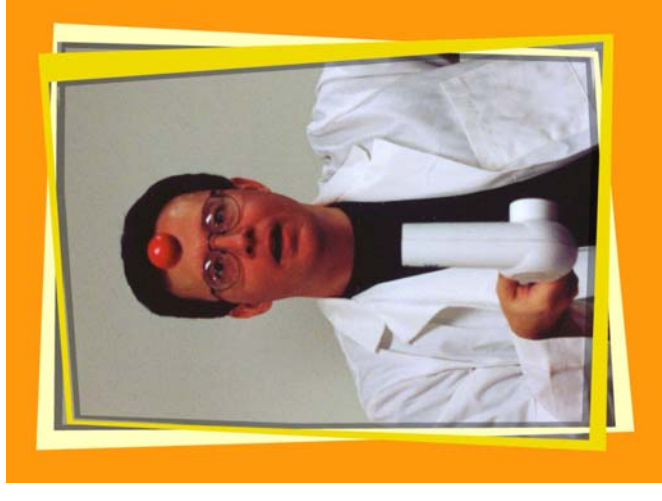

"Simple words such as Thank You seem so inadequate to express how much we appreciate your ministry. Your presentations of Christian truths by way of fun, clean entertainment was a blessing to our children from ages one to one hundred. You ministered to all age groups & the visiting quartet." Dora Christian Church . . . Lagro, IN

"Your illustrations were wonderful. The children talked about the show the rest of the day. Incorporating God's word into your science presentation was so wonderful. It made the children see God in their lives. Your presentation blessed our school."
Saint Gabriel School . . . Indianapolis, IN

"I want to thank you for your great work with our 'Ecumenical' VBS this year. I have heard nothing but good feedback from all three churches that were involved: St. Francis Catholic, First Christian, & mine, Sturgis United Methodist. I was greatly impressed how versatile you were in handling the different age groups. You are an excellent teacher."
Sturgis United Methodist Church . . . Sturgis, KY

"Nothing but showers of compliments & encouragements are coming from our teachers concerning the Teacher Training Workshop. One teacher told me, 'I've been to many workshops & seminars, but none as practical & as useful as Steve's presentation.'
Thanks a million!" North Terrace Church of Christ . . . Zanesville, OH

Steve Walden (a.k.a. Waldo / Professor Steve) has been working with churches, youth, & youth leaders for over 25 years. He is a 1981 graduate of Lincoln Christian College (Lincoln, IL), & served as youth minister at two different churches in Indiana before going into Waldo & Professor Steve full-time in 1989. He combines what he learned from college & his youth ministries with the extensive training he has received in the areas of circus & clowning from Ringling Brothers instructors & other performers, not to mention the years of time spent in front of the television watching Mr. Wizard, Beakman's World & Bill Nye the Science Guy. Steve is an experienced performer, comfortable with working in front of groups of all sizes, & an experienced communicator, capable of teaching God's Word to kids & adults of all ages. In addition, Steve runs Waldo's Clown Supplies, a mail-order business specializing in clowning, juggling & balloon sculpturing resources.
